THE ATTIC COLLECTION is a reflection of our commitment to excellence, craftsmanship, and a devotion to classic cocktail culture – thoughtfully reimaged with precision and intention.

Our wine collection is specially selected from the finest regions, from the elegance of Bordeaux to the bold characterized Napa Valley. Each bottle has intention to complement our cuisine and elevate every course.

Our cocktail program follows the same philosophy of intention and precision. Each recipe meticulously tested to find the perfect balance, using our house made syrups and fresh pressed juices prepared daily. We honor the classics while embracing modern creativity through refined presentation.

At 1836, every pour is purposeful. Every detail is considered. We invite you to explore, savor and indulge.

Enjoy!

Our Prohibition-inspired menu transports you back to the creativity of backroom bartenders in the 1920's-30's, who skillfully crafted bathtub gin/whiskey/rum into palate-friendly marvels. Elevate your experience, and indulge in the flavors of a bygone era, where each sip tells a story of resilience and innovation. In a time when vodkas were a distant dream, our menu accurately reflects this absence. Bring the spirit of an extraordinary era into your glass today!
